## Bidadi masterplans' release urged

June 30 2008 Times of India

### TIMES NEWS NETWORK

Bangalore: Karnataka Township Developers Association (KTDA) on Sunday called on chief minister B S Yeddyurappa to get master plans for the Bidadi township and airport development projects released as soon as possible.

The association has said the Bidadi Interim Master Plan and the airport plan, BIAPPA, have not been released for over two years and had blocked further investment in the

areas. The association said builders are unable to recover what they invested because of non-release of the plans.

Some builders have paid farmers 70 percent of the money, but can't take the land or give the farmers more money. The CM has said he will speed up the matter and get the plans released at the earliest.
